

Where does the time go. It seems just a very short time ago that we were at this point last year.

Firstly, I would like to extend a hearty welcome to the new campers and anticipate meeting many of you at one of our many activities. The Lawson Park Campers website contains details of those activities, as well as an online 'Calendar of Events'. As activities are added, cancelled or are modified, the changes will be posted on the calendar and important issues reflected on the 'Home Page'.

The Recreation Committee has been busy organizing activities for the campers for the 2016 camping season and this weekend will kickoff the social calendar

Park Wildlife

If you have been visiting the website, you will have noticed the bulletins regarding rabid raccoons and skunk alerts issued for the Hamilton area. However, The City of Hamilton reports that there have been no confirmed reports of rabies in Flamborough.

These are wild animals. Campers are encouraged NOT to feed the animals as the soon become dependant and struggle during the off-season.

Campers are also advised that all pets are to be restrained on a leash. They are not allowed to run at large in the campgrounds.
